

EVSS 2025

Leading Vascular Science

February, 14-16, 2025
Conrad Abu Dhabi Etihad Towers

Outcome Report

About EVSS

Emirates Medical Association

was established in 9 May, 1980 as a non-profit organization, working under the supervision of Ministry of Community Development- United Arab Emirates.

Emirates Vascular Surgery Society

is a non-profit society founded in 2021 by surgeons, under the umbrella of Emirates Medical Association and have established an excellent society with educational and support programs for surgeons and integrated health professionals. The mission of the society is to advance the art and science of vascular surgery by continually improving the quality and safety of care and treatment of patients with vascular diseases.

EVSS Board of Directors (2024-2027)

Dr. Sulaiman Al Shamsi
President EVSS
United Arab Emirates

Prof. Mohamed Baguneid
Vice President EVSS
United Arab Emirates

Dr. Deena Al Qedra
General Secretary EVSS
United Arab Emirates

Dr. Mohamed Raafat Okelah
Head of Scientific Committee EVSS
United Arab Emirates

Dr. Abdulrahman Maher
Head of Culture and Media EVSS
United Arab Emirates

EVSS Board of Directors (2021-2024)

Dr. Deena Al Qedra
President EVSS
United Arab Emirates

Dr. Manar Trab
Vice President, EVSS
United Arab Emirates

Dr. Mohamed Raafat Okelah
General Secretary, EVSS
United Arab Emirates

Dr. Ibrahim Riza
Head of Scientific Committee EVSS
United Arab Emirates

Dr. Abdulrahman Maher
Head of Culture and Media EVSS
United Arab Emirates

Scientific Committee - Venous Track

Prof. Mohamed Baguneid
Consultant Vascular & Endovascular
Surgeon
Sheikh Shakhbout Medical City
Abu Dhabi, United Arab Emirates

Dr. Sergio Giancesini
Professor of Vascular Surgery
University of Ferrara
Ferrara, Italy

Dr. Ravul Jindal
Director Vascular Surgery & Consultant
Vascular Surgeon
Fortis Mohali
Punjab, India

Prof. Mert Dumantepe
Professor of Cardiovascular Surgery
Florence Nightingale Hospital
Istanbul, Turkey

Dr. Mohamed Raafat Okelah
Head of Vascular Surgery; Consultant
Vascular & Endovascular Surgeon
Fakeeh University Hospital; Al Zahra
Private Hospital
Dubai, United Arab Emirates

Scientific Committee- Arterial Track

Dr. Samer Koussayer

Consultant Vascular & Endovascular
Surgeon; Associate Professor
King Faisal Specialist Hospital & Research
Centre; Al Faisal University
Riyadh, Saudi Arabia

Dr. Houssam Younes

Arterial Aortic Committee Member
Consultant Vascular & Endovascular
Surgeon, Cleveland Clinic Abu Dhabi
Dubai, United Arab Emirates

Dr. Manar Trab

Consultant Vascular Surgeon
European Vascular Clinic DMCC
Dubai, United Arab Emirates

Dr. Donald Baril

Consultant Vascular Surgeon
Cedars Sinai
Los Angeles, California, United States of
America

Dr. Khaled Abdel Aal

Consultant Vascular & Endovascular
Surgeon
Mediclinic Middle East
Dubai, United Arab Emirates

Dr. Michael Lichtenberg

Chief Medical Officer & Director of the
Angiology Department & Vascular Center
Vascular Centre Clinic Arnsberg
Arnsberg, Germany

Scientific Committee - Vascular Access Track

Dr. Ali Mohammed Jawas

Consultant Vascular Surgeon, Associate
Professor of Surgery
College of Medicine and Health Sciences,
UAE University
Al Ain, United Arab Emirates

Scientific Committee - Controversies in VS Track

Dr. Martin Maresch

Consultant Vascular & Endovascular
Surgeon
Bahrain Defence Force Hospital
Manama, Bahrain

Dr. Taohid Oshodi

Consultant Vascular Surgeon
Mediclinic
Dubai, United Arab Emirates

Dr. Haremeet Kaur

Consultant Physiotherapist &
Lymphedema Specialist
Fakeeh university Hospital
Dubai, United Arab Emirates

Scientific Committee - Vascular and Allied Specialties

Dr. Ibrahim Riza

Medical Director & Consultant Vascular
Surgeon

Swift Dau Surgery & Mediclinic Park View
Dubai, United Arab Emirates

Dr. Abdulrahman Maher

Consultant Vascular Surgeon
Mediclinic Airport Road

Dubai, United Arab Emirates

Scientific Committee - Live Cases

Prof. Pierfrancesco Veroux

Managing Director Department of
Surgery, Transplantation and Advanced
Technologies

University Hospital of Catania
Catania, Italy

Dr. Ravul Jindal

Director Vascular Surgery, Consultant
Vascular Surgeon

Fortis Mohali
Punjab, India

Dr. Michael Lichtenberg

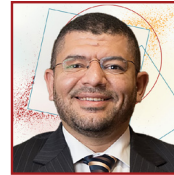

Chief Medical Officer & Director of the
Angiology Department & Vascular Center
Vascular Centre Clinic Arnsberg
Arnsberg, Germany

Scientific Committee - Specialised Sessions Track

Dr. Ibrahim Riza

Medical Director & Consultant Vascular
Surgeon
Swift Dau Surgery & Mediclinic Park View
Dubai, United Arab Emirates

Dr. Abdulrahman Maher

Consultant Vascular Surgeon
Mediclinic Airport Road
Dubai, United Arab Emirates

Dr. Sulaiman Al Shamsi

Chief of Vascular Department, Consultant
Vascular & Endovascular Surgeon
Sheikh Tahnoon Bin Mohammed Medical
City
Al Ain, United Arab Emirates

Dr. Raashid Shahbazi

Head of Department, Consultant Vascular
Surgeon
Saudi German Hospital
Dubai, United Arab Emirates

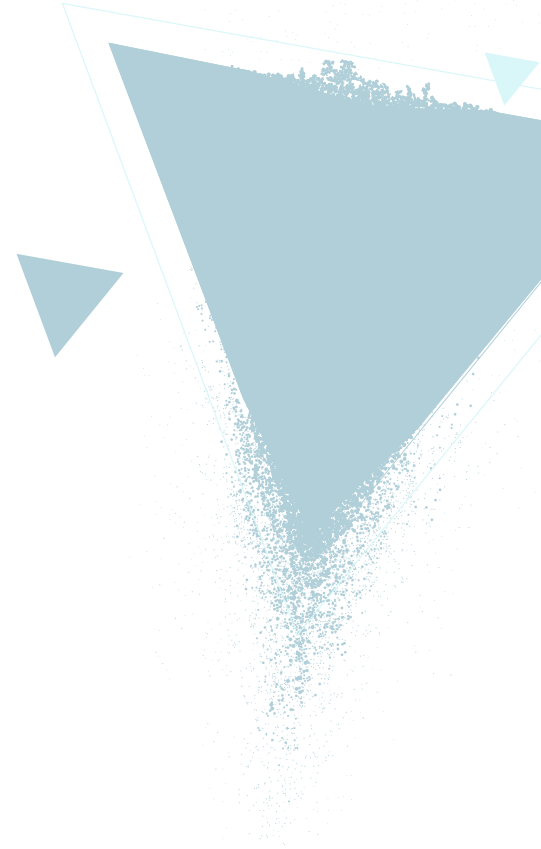

Program Overview

Target Audience

- Vascular Surgeons
- Interventional Radiologists
- Cardiac Interventionalists
- General Surgeons
- Cardiologists
- Oncologists
- Rheumatologists
- Anesthesiologists
- Transplant Surgeons
- Angio/Cath Lab Technologists

Session Formats

- Keynote Talks
- Scientific Workshops
- Hands-on industry Workshops
- Two Parallel Sessions
- Lunch Symposia
- Oral Presentations
- ePosters
- Industry Exhibition
- LIVE Cases

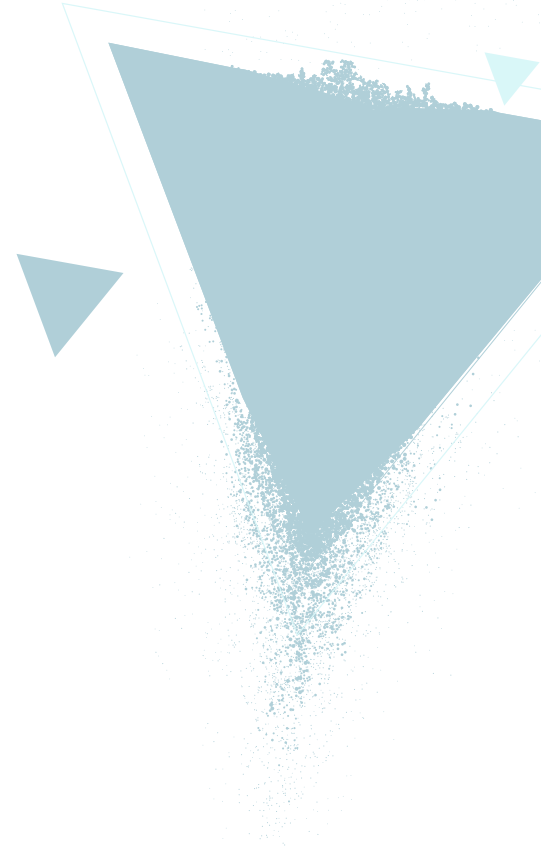

Program Overview

Tracks and More

- **Arterial Peripheral:** Aortolliac & Infra-Inguinal
- **Arterial Aortic:** Interventions of the Abdominal Aorta, Thoracic Aorta & Complex Aortic Interventions
- **Vascular Access for Dialysis**
- Deep Venous
- **Superficial Venous:** Management of Recurrent Pathologies and Novel Methods & Management of Primary Pathology
- **Controversies in VS**

Live Cases: from UAE, Italy, Germany and India

- SFA Atherectomy Case with IVUS Guidance
- Aortic Aneurysm Repair
- Endovascular Creation of AV Fistula
- Truncal Ablation of Great Saphenous Vein
- Endovascular Treatment of Aorto-iliac Occlusion
- Pharmaco-mechanical Analysis of Deep Venous Thrombosis

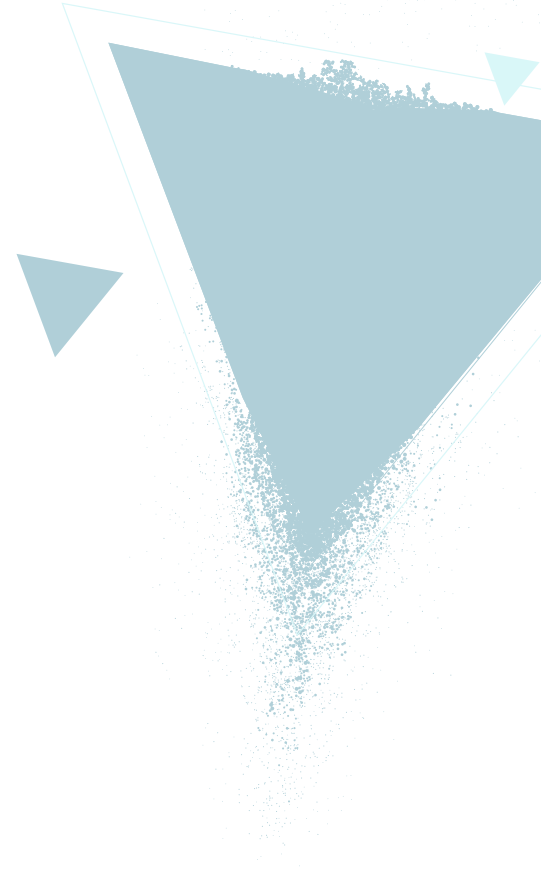

Program Overview

Specialised Sessions

- The Diabetic Foot
- Diseases of the Extra-cranial Carotid and Vertebral Arteries
- Vascular Trauma

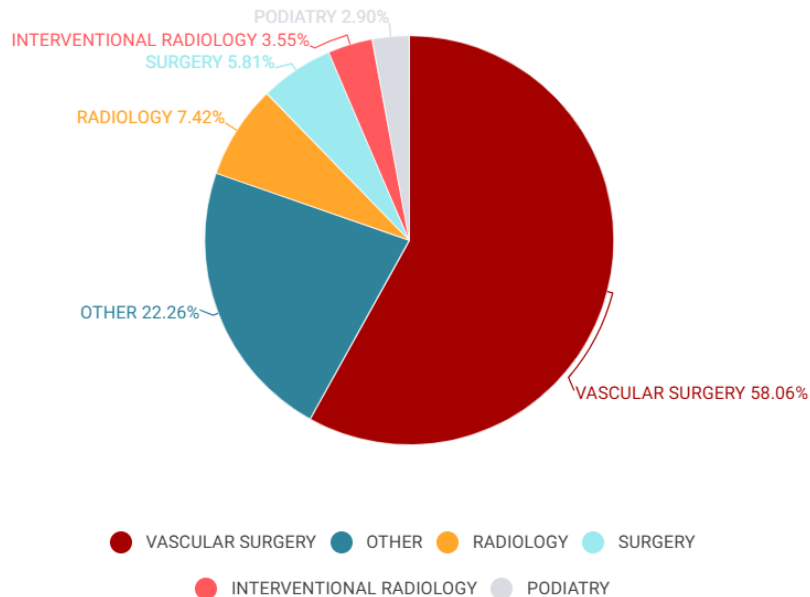

Workshops

- Superficial Venous Disease Management (Thermal and Glue Ablation)
- Ultrasound Duplex Techniques for Assessing Lower Limb Venous Disease
- Endovascular Repair of Aortic Aneurysms
- Vascular Access for Dialysis

2025 Abstracts

ePosters Overview

More than 40 abstracts were received during the first edition of the annual EVSS conference from over 20 countries around the world. Accepted abstracts which followed the vast categories in vascular surgery to encompass the following sequence:

P101-P104	Abdominal Aortic Aneurysms
P201-P212	Case Reports
P301	Medical Therapies
P401-P403	New Vascular Techniques and Devices
P501-P504	Peripheral Occlusive Arterial Disease
P601-P603	Supra-aortic Arterial Disease
P701	Thrombosis
P801	Vascular Access
P901	Vascular Imaging
P1001-P1002	Vascular Trauma
P1101-P1101	Venous Diseases (including Malformations)
P1201-P1204	Other

President's Message

Dear Colleagues,

Greetings from the Executive Vascular Surgery Society (EVSS) "Leading Vascular Science" We are excited to extend a warm welcome to you for EVSS 2025, a conference and exhibition that promises to provide attendees with a wealth of scientific knowledge and opportunities to exchange ideas in the dynamic field of vascular surgery. Join us from February 14-16, 2025 at the Conrad Abu Dhabi Etihad Towers in Abu Dhabi, United Arab Emirates.

Sustaining the momentum of the successful edition of the EVSS conference, which was an extension of over 400 programs, EVSS 2025 will showcase the latest developments in vascular and vascular topics, as well as present groundbreaking innovations in vascular surgery that have been born in this region before. This year's program will feature live cases, round tables, hands-on labs, and the EVSS interactive platform on communication in vascular surgery, highlighting EVSS's vision, global focus, and commitment, and bring other exciting insights.

Our conference focuses on innovative topics of internationally renowned speakers from Europe and North America, as well as leading vascular surgeons from across the globe. Our speakers will share their valuable insights through panel discussions, case studies, and live surgical sessions, scientific exhibitions, practical sessions, and interactive live communication sessions that encourage dialogue and foster the scientific community. With an anticipated attendance of 1000-1200 delegates, this is the perfect time to connect with the international vascular surgery community.

We are eagerly anticipating your presence in the vibrant city of Abu Dhabi and look forward to hosting you at this prestigious event!

Dr. Nasser Al-Sabri
President EVSS

Partnership

Exposure: As a response, your logo will be significantly displayed across our event materials, web platform, and marketing materials, enhancing your company's corporate visibility.

Network: Engage with influential policy makers, medical experts, and industry executives in the healthcare field.

Advocate: Enable your dedication to medical equipment and the welfare of the community.

Access: Acquire insights into current healthcare trends, cutting-edge developments, and industry leading companies.

CSR: Reinforce your company's dedication to contributing positively to the healthcare industry.

Partnership

Strengthen your industry presence and partner with the Executive Vascular Surgery Society (EVSS) for the most exciting vascular surgery conference in the region!

Exposure
As a response, your logo will be significantly displayed across our event materials, web platform, and marketing materials, enhancing your company's corporate visibility.

Network
Engage with influential policy makers, medical experts, and industry executives in the healthcare field.

Advocate
Enable your dedication to medical equipment and the welfare of the community.

Access
Acquire insights into current healthcare trends, cutting-edge developments, and industry leading companies.

CSR
Reinforce your company's dedication to contributing positively to the healthcare industry.

Live Cases

Live Case: SFA Atherectomy Case with IVUS Guidance

Friday, February 14, 2025 at 15:45 - 16:45 in Al Maseen 2

Instructor:

Michael Lichtenberg
Amberg, Germany

Educational Objectives:

- Understand the importance of IVUS guidance in the preparation of calcified lesions in the SFA during vascular surgery procedures.
- Learn the step-by-step process of preparing a calcified lesion in the SFA using IVUS guidance.
- Gain insights into the different tools and techniques used for preparing calcified lesions in the SFA with IVUS guidance.
- Understand the benefits of using IVUS guidance in improving the outcomes of vascular surgery procedures involving calcified lesions in the SFA.
- Identify potential challenges and considerations that may arise during the preparation of calcified lesions in the SFA and how to address them effectively with IVUS guidance.
- Familiarize yourself with the best practices and recommended guidelines for preparing calcified lesions in the SFA with IVUS guidance.
- Enhance your skills and knowledge in interpreting IVUS images and making informed decisions during the procedure.
- Learn from real-life cases and practical examples of the successful preparation of calcified lesions in the SFA with IVUS guidance.
- Gain hands-on experience in using IVUS technology and applying it to the preparation of calcified lesions in the SFA.
- Acquire the necessary competency and confidence to perform similar procedures independently with IVUS guidance in the future.

Live Case: Laser Ablation of Superficial Venous System

Friday, February 14, 2025 at 15:45 - 16:45 in Al Maseen 2

Scientific - Workshops

Ultrasound Duplex Techniques for Assessing Lower Limb Venous Disease

Scientific Workshop 1
Friday, February 14, 2025 at 16:45-17:15 in Meeting Room 1&2

Instructor:

Dr. Nicola Sedgwick
Abu Dhabi, UAE

Educational Objectives:

- Offer a foundational understanding of the principles behind ultrasound imaging and the significance of duplex imaging in venous disease.
- Provide hands-on training for participants to proficiently perform and interpret Duplex ultrasound scans of the lower limb venous system.
- Review normal and pathological findings, emphasizing correct diagnosis and severity grading.
- Emphasize the importance of duplex ultrasound in pre-operative planning and post-operative surveillance.
- Discuss the role of ultrasound in guiding interventional procedures and its utility in complication management.

Endovascular Repair of Aortic Aneurysms

Meet Our - International Faculty

 PROF. SERGIO GUZMAN Italy	 DR. RAVUL JINDAL India	 DR. MICHAEL LICHTENBERG Germany
 DR. DONALD RABE United States of America	 PROF. PIERFRANCESCO VEROUX Italy	 DR. VIJAY VENKANNATHAN India

Industry - Talks

 **essity**

Essity Industry Talk 1A
February 14 at 15:15-15:45
AI Mession 2
Topic: Differential Diagnosis & Management Between Lipedema & Lymphedema
Faculty: Amer Farhat (UAE)

 **BD**

BD Industry Talk 2A
February 15 at 09:30-10:00
AI Mession 4
Topic: PAD Vessel Prep Symposium
Faculty: Ottavio Del Foco (Italy) & Shagun Bin Khanna (KSA)

Multi-centric, Non Group Industry Talk 2B
February 15 at 09:30-10:00
AI Mession 4
Topic: **EMBODISHO** – Anatomy, Evaluation, and Review of Current Evidence
Faculty: Sahar Asour (UAE)

 **Penumbra**

Penumbra - Life Medical Equipment Industry Talk 3
February 15 at 12:30-01:15, AI Mession 5
Topic: **REVE** – Secondary Endovascular Management of Arterial and Venous Thromboembolism with Computer-Assisted Vacuum Thrombectomy
Faculty: Shagun Bin Khanna (KSA), Mohamed Rastor (UAE) & Khuram Rasheed (UAE)

 **PHILIPS**

Philips Industry Talk 4A
February 15 at 02:45-03:15, AI Mession 5
Topic: **PAD Treatment**: How Vessel Prep and IVUS Can Impact Treatment Effectiveness of Diabetic Patients
Faculty: Matthias Mende (Germany) & Ottavio Del Foco (Italy)

 **Pfizer**

Pfizer Industry Talk 4B
February 15 at 02:45-03:15, AI Mession 5
Topic: **Practical Update on DVT Treatment**: Use of Apixaban in DVT Treatment & Prophylaxis
Faculty: Hani Asfour (UAE)

Penumbra - Life Medical Equipment Industry Workshop 1A
February 14 at 16:30-16:45, Meeting Room 2
Topic: **Reassessing Flow**: Innovations in Acute Limb Ischemia Management
Instructor: Judy Andrews (UAE)

 **AMMT**

Gore - AMMT Industry Workshop 1B
February 14 at 16:30-16:45, Meeting Room 2
Topic: **Gore Simulator Aorta**: Workshop
Instructor: Kate Smith (UAE)

 **PHILIPS**

Philips Industry Workshop 3A
February 15 at 10:15-11:05, Meeting Room 2
Topic: **IVUS** – Role in BTK Treatment with the Use of IVUS and LASER
Instructors: Matthias Mende (Germany) & Ottavio Del Foco (Italy)

 **Boston Scientific**

Boston Scientific - Alghamed Industry Workshop 3B
February 15 at 11:15-11:30, Meeting Room 2
Topic: **Role of J-Tealium in Calcified PAD**
Complex Scenario Instructor: Nishwan Aattab (UAE)

 **Penumbra**

Penumbra - Life Medical Equipment Industry Workshop 4A
February 15 at 15:45-02:45, Meeting Room 2
Topic: **Intervention in Embolization Interventions with Large Volume Coils** Instructor: Fady Alwanas (UAE)

Live - Cases

Live Case: SFA Atherectomy Case with IVUS Guidance

Friday, February 14, 2025 at 15:45 - 16:45 in AI Mession 2

Instructor:

Michael Lichtenberg
Amberg Germany

Educational Objectives:

- Understand the importance of IVUS guidance in the preparation of occluded lesions in the SFA during vascular surgery procedures
- Learn the step-by-step process of preparing a occluded lesion in the SFA using IVUS guidance
- Gain insights into the different tools and techniques used for preparing occluded lesions in the SFA with IVUS guidance
- Understand the benefits of using IVUS guidance in improving the outcomes of vascular surgery in the SFA
- Identify potential challenges and complications that may arise during the preparation of occluded lesions in the SFA and how to address them effectively with IVUS guidance
- Familiarize yourself with the best practices and recommended guidelines for preparing occluded lesions in the SFA with IVUS guidance
- Enhance your skills and knowledge in interpreting IVUS images and making informed decisions during vascular surgery procedures
- Learn from real-life cases and practical examples of the successful preparation of occluded lesions in the SFA with IVUS guidance
- Gain hands-on experience in using IVUS technology and applying it to the preparation of occluded lesions in the SFA
- Acquire the necessary competency and confidence to perform similar procedures independently with IVUS guidance in the future

Instructor:

Ravi Jindal
Punjab, India

Educational Objective:

- Understand the Indications for Laser Ablation: Learn to identify appropriate candidates for laser ablation based on the anatomy and pathology of the superficial venous system.
- Master the Technical Steps: Gain a detailed understanding of the procedural steps, including fiber insertion, energy application, and monitoring during laser ablation.
- Minimize Complications: Develop skills to recognize and manage potential complications such as skin burns, nerve injury, or thrombus extension during laser treatment.
- Optimize Patient Outcomes: Learn techniques to improve procedural efficiency and patient satisfaction, including post-procedural care and follow-up protocols

Live Case: Glue Ablation

Friday, February 14, 2025 at 16:25 - 16:45 in AI Mession 3

Educational Objectives:

- According to Guide Lines, understand recommendations for TEVAR in the treatment of thoracic aortic pathologies
- Determine appropriate candidates and timing for TEVAR in elective and urgent settings
- Evaluation of aorta anatomy and vascular access
- Step-by-step method of our minimally invasive approach in DTA treatment using percutaneous approach, conscious sedation, and use of low-profile stent graft
- Methods for minimizing stroke and spinal cord injury
- Analyze the different options for LSA revascularization: open surgery, PMNS, and new devices
- Monitoring of vital functions and spinal cord perfusion during TEVAR
- Improve outcomes for these fragile patients with complex descending aorta pathologies
- Minimally invasive approach may contribute to extending the indications to a larger cohort of patients.

Edited Case: Chronic Venous Obstruction

Friday, February 14, 2025 at 17:35 - 17:45 in AI Mession 2

Instructor:

Mohammad Rauf
Dubai, UAE

Educational Objectives:

- Step by step through access till therapy of extensive PTS with CTO of the iliofemoral segment
- Identification of the key anatomical landmarks and its impact on therapy
- Utilization of the available technology to optimize and enhance the outcome and results of treatment to such complex cases

Scientific - Workshops

Ultrasound Duplex Techniques for Assessing Lower Limb Venous Disease

Scientific Workshop 1
Friday, February 14, 2025 at 16:45-17:15 in Meeting Room 1A2

Dr. Nicola Sedgewick
Abu Dhabi, UAE

Educational Objective:

- Offer a foundational understanding of the principles behind ultrasound imaging and the significance of duplex scanning in venous disease
- Provide hands-on training for participants to proficiently perform and interpret duplex ultrasound scans of the lower limb venous system
- Review normal and pathological findings, emphasizing differential diagnosis and severity grading
- Emphasize the importance of duplex ultrasound in pre-operative planning and post-operative surveillance
- Discuss the role of ultrasound in guiding interventional procedures and its utility in complication management
